

And it's done...
Chapter 3 of "Only the Flower Knows"
Gee it took a long time to get out but
since I could not find the scans I had to buy
the magazine, and that took time, and
I can't guarantee that I'll be able to buy
the magazine all the time...chapter 4 is
already out, so maybe if all the ppl reading
could donate \$1 or .50 or .25 or whatever
I can get the magazine....
anyway...for now enjoy the chapter...
Once again I'm not
professional....
Support the author
and thanks to Lea Nicolai for her
translations
P.s Any questions you can PM me..
Thanks!

Flower.3

Illustrated by Ritsuko Kamekura
宝井理人

— 宝井理人の恋。CRAFT SERIES「セブンデイズ 全二巻」(原作：橋 虹蔵)大杉洋平監修

This is

Artikawa
Yoshiaki-kun

And
this is...

Mitsuki
Shirai-kun.

As I told
you
before,
he's a law
major
and also a
junior
like
you.

Yeah,
yeah

Listen to
this, it's
so
strange-

We've
practically
just met

Ah
So
you
two
do
know
each
other

I'm relieved.

Well, besides that,

it's convenient you aren't complete strangers

1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45 46 47 48 49 50 51 52 53 54 55 56 57 58 59 60 61 62 63 64 65 66 67 68 69 70 71 72 73 74 75 76 77 78 79 80 81 82 83 84 85 86 87 88 89 90 91 92 93 94 95 96 97 98 99 100

Professor, is that it?

Well, be nice to each other

Arkawa has helped before with other research

he should know the basics already.

Oh, that

I mean, usually you explain the research

En?

I'll lead
you to the
labs

I don't
like
him

Follow
me

He's probably
not a bad
person but...

Mitsuki-
kun

Persistent
I know, but
are you sure
we haven't
met
some-
where?

I've already
answered
that back in
the
classroom

We
haven't
met

Like
around
campus
or the
train
station

...
I'd
be
foolish

I haven't
heard the
answer
for that

Then
what
about
the
neck-
tie?

た
い

Didn't you
lose it?
On a rainy
day

You
sound like
a public
persecutor

Cause it
bugs me,
a lot!

And today,
when you
saw me,
you said,
'The station'

I
have
it

You look
like
someone
I'd go for

Not
me!

It
was
him
again

I meant to
say "You
looked like
the girl at
the station"

I
See

If you
just came
here to
tease me

then
leave
now

Good
or bad,
your
intentions
are
ambiguous

Me?

I said that
because it's
what I really
thought

I'll try not
to say it if it
bothers you

had-

I think
I'm a
pretty
good guy

Goh.
He laughed

Fuu

I'll be
the judge
of that
from
now on

You
would
say that
about
your-
self?

Yeah, that.
I just counted
micro-organisms

The area
Professor
Kurata
teacher

What
research
did you
help with?

Pro-
logy
Duo

Well,
this is
pretty
similar

—Huh. For a minute
and a half, I thought
that was just a bunch
of little white things in
the shape of "mango"
protein. I'm surprised
to discover, it was
really the body of this
monster, which is what
I thought it was.

Stay
here

Is the
size all
right?

...
What
is
this?

This plant
is a real
miracle clone
made from a
mutation using a
part that reacts
strongly with
carbon dioxide

We grow this in the same
environment as the
original root and
compare the differ-
ences between the
two to figure out its
modulations

We normally
grow them
in the
greenhouse,
so this is just
a sample

That old
man is
pretty cool

Wow!

You...
Don't say
'old man'

He really
is
amazing

Mi-
Mitsuki-
kun
made
this?

I just look
over its
growth

Professor
Tsugumura
makes most
of the clone
we use for
research.
The other
student and I
were only
successful about
twice. It's difficult
getting the plant
to adapt various
of the labs

You're amazing too

You've been protecting this small world

If you follow the texts, anyone can do it

I couldn't do something like that

...
That's -

I mean to say

things you naturally seem to possess

are things I'll never have
